

COVID-19 Omicron Vaccine Study (6 months to <5 years)

What

We are looking for children who are interested in receiving one or more Omicron COVID-19 vaccines as part of a research study.

Who

Your child may be eligible if he/she is 6 months to less than 5 years old, healthy or has stable health conditions.

Details

If your child has already received 3 Pfizer COVID vaccines, your child will receive a single COVID-19 Omicron booster vaccine.

Pay

Up to \$310 for time and effort for the booster dose

OR

If your child has never received ANY COVID-19 vaccines, your child will receive 3 doses of COVID-19 Omicron vaccines plus a booster dose six months later.

Pay

Up to \$965 for time and effort for the full series of Omicron Covid-19 vaccines.

Contact

If you would like to be added to the interest list, go to www.is.gd/covid19researchstudy or email us at gambleprogram@cchmc.org.
